

COBRA CUFF®

ADVANTAGE

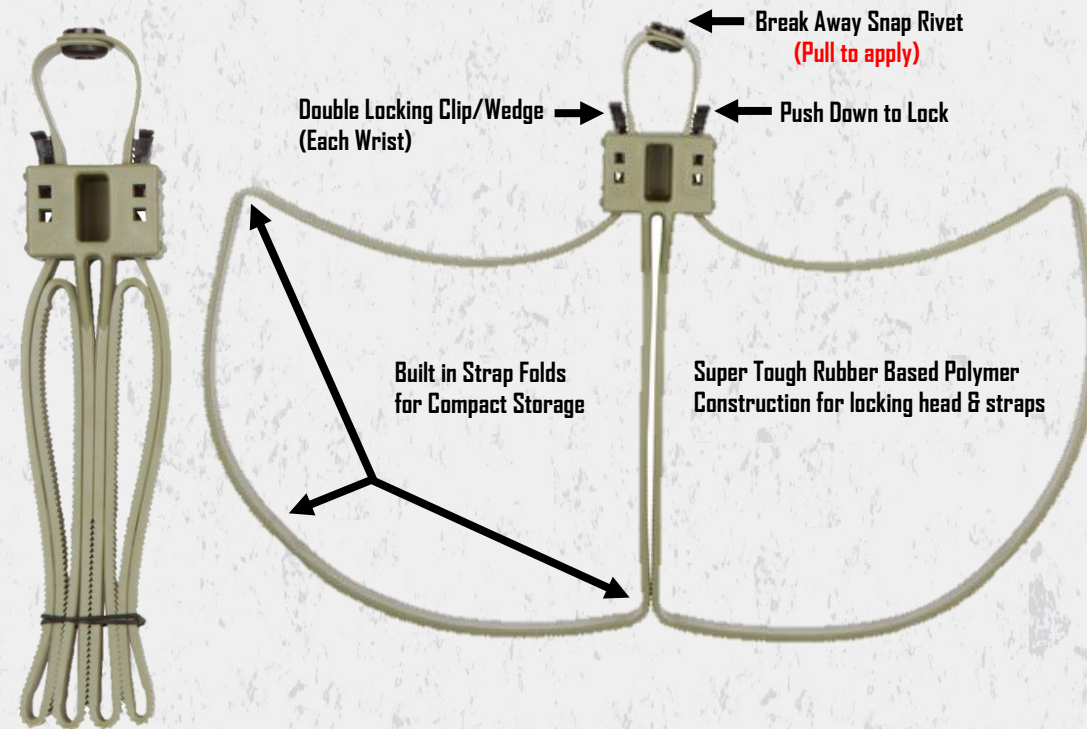

MILSPEC
PLASTICS

NSN No. 8465-01-676-2327

CAGE CODE No. 68D01

PART No. MS24D-250

Cobra Cuffs (Rubber-Based)	Standard Nylon Based Zip Tie Cuffs
Inherently More Flexible due to unique Rubber based polymer Bending has no effect on tensile strength.	Stiff, Crystalline Nylon; strong when not bent, but weaker after bending. Tear strength greatly diminished at bend points.
Straps; Using Cross-Linked Vulcanized Rubber, bends easily.	Nylon Straps; stiff, hard to bend & store in compact form.
Resists Stress Cracking during bending, with cold & hot temperatures & long storage time.	Susceptible to stress cracking when bent, cold or hot temps & long storage can cause extreme brittleness.
Double-Lock Prevents Over-Tightening	No Double Lock; Easy to Over-Tighten Typical shelf life;
Typical Shelf Life; 5 – 7 years	Typical Shelf Life; 6 months –2 years max.
